

innovation, redefined.

Leanvation Quality Policy

Status: Active

Revision: 0

Owner: Jonathan Day

Distribution: All Operational Personnel

Leanvation operate with a commitment to exhibit the highest levels of quality at all levels across all business functions. We aim to serve our professional healthcare customers requirements on time, every time, providing products of the highest quality that deliver value and aid the delivery of the highest levels of patient safety. All while committed to our long-term philosophy of every surgical glove, latex-free.

To support this commitment, Leanvation undertake to adopt working practices, aided by an effective, documented Quality Management System across the operational areas of Finance, Product Development, Product Supply, Customer Care and HR, that attempts to ensure our customers, strategic partners and employees are respected at all times and provided with a quality service offering that supports our philosophy of exhibiting the highest standards of quality in everything we do.

Leanvation work to ensure that all legal requirements and relevant regulatory standards are met at all times, whilst dedicated to ensuring that the safety of our staff, end-users and ultimately patients remains paramount at all times. Our continued investment in training, technology and continuous improvement, supported by the commitment of the management team to embrace this policy at all levels, aims to ensure that best practices are continuously exhibited, with reviews regularly undertaken to ensure opportunities for improvement are captured and acted upon at all times.
